POTASH.

Not a grain of either potash or mercury is contained in Swift's Specific (S. S. S.). It is entirely vegetable, and the cure by its use is wonderful. Office, 159 West 24th-st., New-York. Consultation and examination by two good physicians free.

TRIED HOT SPRINGS TWO LONG YEARS WITHOUT RELIEF.

Mercurial rheumatism made me a cripple. After trying the springs two years and the mercury and potash treatment I was a skeleton and unable to do anything. I was prevailed upon to take a course of S. S. S. After taking three bottles my appetite began to improve, and I gained flesh rapidly. When I had taken twelve bottles I felt as well as ever did. It is now twelve months since I took S. S. S. My health and appetite are good, and I am able to attend to all the business I can do.

Hot Springs, Jan. 1, 1883.

FROM A WELL-KNOWN LAWYER.

I have taken Swift's Specific for Rheumatism, and found great relief. It is a wonderful cure for dyspepsia, from which I have suffered for years. I believe, when duly appreciated as a *Food and Blood Purifier*, that Swift's Specific will become a household remedy.
